Global Education Conference

Infusion of Technology in Teaching 21st Century Skill Sets

Dr. Rita Brodnax C.O.E.

“Big Picture” Conceptual Organizer: Structure and Interdependence

Participant Outcomes: **K. D. P.**

KNOW:

- λ Have a clearer understanding of what the 21st Century Skill Sets are
- λ Have a clearer understanding of the “instructional structure” that is required
- λ Understand better some of the various technology resources available

DO:

- λ Be able to construct lessons producing 21st Century skill sets
- λ Be able to select and infuse technology tools in various ways for producing 21st Century skill sets

PROCEDURES: There will be small group, table team and large group interactive activities. At times, small groups and table teams will be recording their input and reporting to the large group. Movement will be included into activities every 20-25 minutes. A power point will be used and resources will be reviewed.

Agenda

- Welcome, Introductions and Brain Drainer
- Clarification of Agenda, Learning Outcomes and K.D.P.
- 21st Century Skill Sets
- “Structure and Interdependence” of Needed Instruction
- Technology Tools for Infusion
- Wrap-up, Evaluation
